

The WAY of the DECRED CONTRACTOR

by Crypto Rocket & the Decred Community

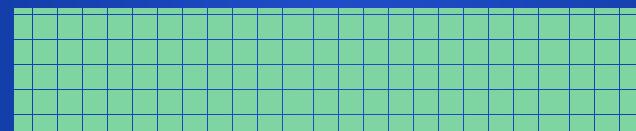

A Decred community member has a great idea to push Decred's growth.

To bring it to life, he submits a proposal on **Politeia**, the governance platform.

The stakeholder community reviews the proposal.

Then, the author updates it and starts the voting phase.

The Voting Phase lasts 2016 blocks, close to a week.

MUST VOTE 'YES'

Once the proposal is approved, the contributor can get to work!

As they deliver, the treasury pays them!

Now, they can continue to contribute to Decred's (r)evolution.
